**Amazing Power of Bon-Opto To Make Weak Eyes Strong Doctor Says It Strengthens Eyesight 50 per cent in One Week's Time in Many Instances**

A Free Prescription You Can Have Filled and Use at Home

Victims of eye strain and other eye weaknesses and those who wear glasses will be glad to know that according to Dr. Lewis there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man says, after using it: "I was almost blind. Could not see to read at all. Now I can read everything without my glasses, and my eyes do not hurt any more. At night they would burn dreadfully. Now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can read even fine print without glasses." Another who used it says: "I was bothered with eye strain caused by overworked, tired eyes, which induced severe headaches. I have worn glasses for several years, both for distance and work, and without them I could not read my own name on an envelope or the type writing on the machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what it has done for me."

It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by the use of this prescription at home. Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one into a glass of water and let it dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start, and inflammation and redness will quickly disappear. If your eyes bother you even a little it is your duty to take steps to save them now before it is too late. Many hopelessly blind might have saved their sight if they had cared for their eyes in time.

Richard A. Norris, past commander of the Harry A. Young Camp, No. 2, Spanish war veterans, whose credentials prove that he served nobly through two long enlistments in volunteer and regular armies, said today:

"Wednesday night's parade, which was a magnificent success, proves beyond all question that our people are as patriotic as any in the land. All should realize today, however, that our nation is at war with first-class foreign powers, and that parades do not win victories."

"Immediate enlistment for military service is required to maintain the nation's honor on land and sea. The laws provide for conscription, or drafting, but the glory of the war depends, in my opinion, on the immediate organization of a great army of volunteers, eager to fight and ready to die for their country, who will be imbued with the conquering volunteer spirit which won all the victories in all of the nation's wars."

"Assuming that our government now has arms and supplies sufficient to equip an army of a million men, every citizen under 45 should realize it is his PERSONAL duty to offer himself for military service. If this is done immediately in every part of the country, the government will be able to pick the recruits best suited for army and navy service."

"We have demonstrated sufficiently our patriotism. Now let's start the volunteer movement in Ogden. Recruiting officers at the armory will at the naval recruiting station at 2408 Washington avenue, upstairs. We must prove the sincerity of our professions as expressed in the mass meetings and the parade."

**GETTING TOO FAT? TRY THIS—REDUCE**

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating in all the wrong places, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist for it, if you prefer, write to the Marmola Co., 364 Woodward Ave., Detroit, Mich. for a large case of Marmola Prescription Tablets. 75c in the price of the world over. By doing this you will be safe from harmful drugs and be able to reduce two, three or four pounds a week without dieting or exercise.—Advertisement.

## EASTER BUNNIES AND CHICKS

In the Bargain Square tomorrow we are closing out all of the remaining stocks of the Easter Bunnies and Chicks for the children's Easter morning—for Easter breakfast favors, etc. Most of these are made with receptacles for candies, etc. In the assortment are many quite elaborate ones—prices now range from 1c to 15c. Bargain Square, First Floor.

## NEW CREPE DE CHINE WAISTS

A special handsome Waist for Easter will be a feature on the Second floor tomorrow—in the Blouse Square. These are just here and embody all of the latest style features—the large collars, the bright colors for this spring. All made of a very good crepe de chine and they are much better values than you usually expect at this price ..... \$3.95

## STILTS FOR THE BOYS

In both shoe departments tomorrow again we give stilts to the boys who buy their shoes here. These are the attractive Hi-Low stilts which can be made high or low. They are made of hard wood, highly varnished and very well made. The usual price of stilts of this store is 75c—today and Saturday you may have a pair for 15c if a pair of shoes is bought in either of the shoe departments.

## BOYS' SUITS, 2 PAIRS OF PANTS.

We call these double value suits because of the fact that an extra pair of pants come with the suit. You parents who have rough, romping boys know that the pants of the suit are gone long before the coat shows any wear. These are jaunty sling styles in good fabric—all well tailored—in all boys' sizes. Offered at \$4.95—with two pairs of knickers.

## NEW MINA TAYLOR HOUSE DRESSES

We've been a bit put to it to keep enough of these popular house dresses to supply the demand. Mina Taylor Dresses and breakfast sets are a bit better looking than the kind, and yet they cost but a trifle more—\$1.25 and upwards the prices range—made to fit, to launder; in fact, they are fully guaranteed to do both. See them on Second Floor.

## LADIES' SUITS, SPECIAL

In these days of rising costs we are inclined to look for higher prices in most lines—this is not true, however, of the suits of spring at this store. While it is true that we have in most cases paid more than usual, still we are looking to a larger output to make our profits just as large without having to get higher prices. At \$15, \$20, \$25 and \$35 we will show you the best suit values in Ogden.

## BUY TRUNKS IN THE SUBWAY

In the Subway, where the rents are low, we sell the best lines of trunks we can find—and we sell them at a smaller margin of profit than would be necessary but for the economy of the space in which they are sold. If you want a good trunk at \$8—say, or at about that price—we can give you one which is guaranteed to stand the hard usage of travel. Ask to see them in the Store Below.

## ODD LOTS OF LACE ON SALE

The house cleaning in the lace and embroidery departments has revealed a lot of good laces in odds and ends which should be sold—odds and ends are never good stock to the progressive merchant. A little price for them now rather than have them here for another year is our idea of good business. Laces you'll use to good advantage—prices at about one-fourth the usual value. On the tables in the embroidery department.
